YOUR FIRST WAX, MADE EASY.

What to expect, step by step, so nothing comes as a surprise.

01 PRIVACY FIRST

I only uncover the area I’m waxing. I always give you a moment to get comfortable. Your comfort comes first.

02 ZERO JUDGEMENT

Hair, scars and stretch marks are welcome here. I don’t judge. Every body is welcome.

03 HOW IT FEELS

The first time can feel a little stronger. It’s over in quick pulls. Most people are surprised by how manageable it is.

04 IF YOU’RE NERVOUS

That’s completely normal. I’ll guide you through breathing, check in often, and make sure you feel safe.

05 AFTER THE WAX

A bit of pinkness or sensitivity is normal, and it fades quickly. I'll soothe your skin and give you simple aftercare steps.

06 THE BEST PART

You'll probably leave thinking, "That wasn't so bad after all." Smooth skin and confidence are worth it.

"THAT WASN'T SO BAD AFTER ALL."
